

Policy statement

Part 1: Statement of intent

This is the health and safety policy statement of:

Adam Bathe (Trading under A Bathe Electrics)

Our health and safety policy is to:

- I will constantly assess the environment that I will be working in. This will change on a day to day basis so I will always do a visual risk assessment. Since on most occasions the working environment will be a customers home I don't have full control of the environment so I will withdraw if I feel there is a health and safety risk.
- I will ensure that I don't have any Covid-19 symptoms and ask the customer if they do before the visit.
- I will ensure that there is somewhere for me to wash my hands, however I will carry hand sanitiser with me.
- I will ensure that I will have access to a first aid kit.
- I will ensure that I follow the latest government guidelines in regards to Covid-19.
- I will maintain safe and healthy work conditions.
- I will always insure that I carry the correct PPE
- I will provide and maintain my own equipment.
- I will review and revise this policy regularly.

Signed

Adam Bathe

Part 2: Responsibilities for health and safety

1 Overall and final responsibility for health and safety:

Adam Bathe - Sole Trader

2 Day-to-day responsibility for ensuring this policy is put into practice:

Adam Bathe - Sole Trader

3 To ensure health and safety standards are maintained/improved, the following people have responsibility in the following areas:

Adam Bathe - Sole Trader

4 All employees should:

- co-operate with supervisors and managers on health and safety matters;
- take reasonable care of their own health and safety; and
- report all health and safety concerns to an appropriate person (as detailed above).

Part 3: Arrangements for health and safety

Risk assessment

- As I am a sole trader and it is a company under 5 employees I don't formally have to write general risk assessments. However I will be constantly assessing the risks before I carry out any work and also while I am on the job.

Training

- I will ensure that I have the correct training to carry out my role as a Domestic Installer/ Electrician. (This includes working at heights, asbestos awareness and electrical safety)
- I will provide myself with Personal Protective Equipment.

Consultation

- I will review this policy regularly and in the event of a health and safety issue.

Evacuation

- Before and while I enter a property I will make sure I am aware of escape routes.
